

Curious Minds - girls in STEM

We need STEM Coaches who can...

- + Mentor & inspire girls who are keen on STEM
- + Help them make connections & expand their interests
- + Support their STEM Learning Journey
- + Develop their confidence in their abilities & skills
- + Guide them in education and careers in STEM

Curious Minds empowers girls in Year 8, 9 and 10 who are passionate, high performers in Science, Technology, Engineering, and Mathematics (STEM) to explore their full potential, through an eight-month hands-on extension and mentoring program. The benefits to STEM Coaches include:

Making a difference to the future of STEM

Sharing your knowledge & experiences

Developing teaching & coaching skills

Networking with amazing women in STEM

STEM Coaches will need to...

- + Commit to the 8-month program, including one day at camp in Canberra (5 December 2024) or Adelaide (11 December 2024), and one day in July
- + Have a love of teaching & sharing
- + Be willing to empower & guide 1 to 2 students
- + Meet WWC/WWVP requirements
- + Demonstrate expertise in one or more STEM subject, including biology, chemistry, computer science/ programming, Earth science, engineering, maths or physics

Apply to be a STEM Coach!

Applications close 21 October 2024
